February 19, 2010

Dear Dale Borough Parents/Guardians:

At the School Board meeting held Feb. 17, through a collaborative effort of staff, parents, board members, and Mlaker Transportation, temporary bus stops were assigned to pick up and drop off your children during the period of construction in the borough. Please see below which show old stops and new temporary stops in areas of construction where buses cannot access.

The new stops will go into effect Monday, February 22, and will continue until further notice.

Please understand that our bus contractor, Mlaker's, has continuous communication with the construction foreman, the mayor, and borough officials to try to plan ahead for any additional changes, however, sometimes due to weather or an abrupt change to the construction schedule, road impasses may occur that are not expected. Please feel free to talk to the bus drivers. They have radio contact with each other and their home base, and are doing their best to work through this as well.

Additionally, for the safety of the children, one of our School Board members will contact the police for increased patrolling in the areas where children will need to walk a distance to the bus stop. Board members are also planning to talk to borough officials regarding the stepped up enforcement of keeping sidewalks shovelled so that school children do not need to walk on the roads to their bus stops.

If you have any questions, please call either the school office or Mlaker's at the numbers listed:

Elementary Office: 535-6724

Jr-Sr High School Office: 288-5757

Mlaker Transportation: 479-2515

Thank you,

Carole M. Kakabar, Superintendent
