2011-2012

Parents/Guardians of Students in the Ferndale Area Elementary School:

The Ferndale Area School District has a contract with the company One Call Now to provide Emergency Calling Services for our district. The System will be used to notify you regarding school cancellations, delays, unscheduled early dismissals for weather conditions or other unforeseen events.

You will receive a telephone call with a recorded voice message from Mrs. Carole Kakabar, Superintendent. The information will also still be announced on local television and radio stations as has been done in the past. The phone call is another, more personal and more direct method of relaying emergency information to our parents. Parents should inform their student of the family plan in the case of an early dismissal. The goal is for everyone to be ready before the winter season when the possibility of delays, cancellations, or early dismissals occurs.

The District is requesting that you fill in the requested information at the bottom of this page and return it to the Elementary School Office. You should list the names of your children, grade level and two telephone numbers you wish to have called when it is necessary for the District to implement a phone call via the emergency calling service.

If you have any questions regarding the One Call Now automated emergency notification system, please contact the Elementary Office at (814)535-6724.
